

## Nature and the Indian

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work and let him hunt, therefore he dug parosce root for her, for that was their great remedy for female weaknesses.

Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other agents that make it more effective.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription.

Send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

JACKSON, MISS.—"Dr. Pierce's Favorite Prescription is a good medicine and I have recommended it many times to women who suffer. This medicine was a great comfort to me after motherhood. The doctor seemed unable to give me any relief or help, but I had very prompt relief as soon as I started to take the 'Prescription.' It cured me of my trouble and restored me to a perfect state of health, and that is why I do not hesitate to speak a good word for Doctor Pierce's Favorite Prescription whenever I have an opportunity."—MRS. K. G. SUTHERLAND, 209 Poinceter Street.

## CONQUER WEAKNESS

by keeping your powers of resistance at highest peak. It is as natural for

## Scott's Emulsion

to strengthen as it is for your food to nourish the body. If you would conquer weakness—increase your resistance—take Scott's Emulsion often.

Scott & Bowne, Bloomfield, N. J. 19-7

## HOUSEWORK IS A BURDEN

Woman's lot is a weary one at best. But with backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Cookeville women. Read what Mrs. Harry Terrp, Spring St., Cookeville, says: "Last summer I had an attack of kidney trouble that caused me to suffer with backache. I could hardly do my housework, especially mornings. I also had headaches and my kidneys acted irregularly. I read about Doan's Kidney Pills and started using them. Doan's helped me from the start and soon my back felt stronger. The backache left my kidneys and they were regulated."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Terry had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

## MONTEREY, ROUTE 1

We are having hot, dry weather here and crops are out short.

We have had a nice meeting at Jackson Grove, which lasted six days and nights, and the Lord visited us with great blessings. We had thirty-nine embrace Christ as their Saviour. We also had two family meetings out in the country. Rev. J. H. Walker of Dry Valley came to Jackson Grove Church on the first Sunday in April, 1919. He has visited this place which seems to be a blessing to the young folks, also fathers and mothers. Some of them embraced religion in the Lord Jesus Christ and had the pleasure of seeing their children rejoice in the Lord, also their neighbors and neighbors' children made to feel happy and rejoice in the old-fashioned Holy Ghost religion.

The church at this place had become scattered. We are expecting to organize a Holiness church here shortly. Brother Walker is a Holiness preacher, and his help at this place was W. S. Tabors. We also had an unusually big crowd, which got larger all the time. On the third Sunday of this month there will be a large crowd baptized at L. A. Bohannon's on Calkiller.

T. A. ABSTON.

## COOKEVILLE, ROUTE 4

Most people seem to be worried about the drouth. Crops are looking very bad now.

Luther Farmer was taken sick with appendicitis last Monday. A doctor was called at once and he was of the opinion that an operation was necessary. Doctors Shipley, Dyer, and Moore performed the operation at his home five miles northwest of Cookeville, last Thursday. He died that afternoon, not fully reviving from the operation. He was buried at Smith's Chapel. He leaves a wife, several children and a host of friends to mourn his departure.

Bill King gave an ice cream supper last Saturday night. There was a host of young people present and everybody seemed to have the time of their life.

School at Shipley is progressing nicely, there being nearly one hundred in attendance.

There will be a box supper at Maple Shade school Friday night, Aug. 29. The money raised will be used in establishing a library for the school. Everybody cordially invited to come and bring somebody with you. We are sure you will have a good time and get something to eat.

A FRIEND.

We have just received a shipment of the New Perfection Oil Cook Stoves and Ovens. The Perfection is the best oil cook stove made. For sale by Jere Whitson Hardware Co.

## CROSSVILLE

There seems to be a lot of sickness around Crossville.

Mrs. Malinda Myers and daughter left Crossville a few days past for Lone Wolf, Oklahoma, where they will spend some time among relatives.

Hello, all you Brotherton girls, what is the matter with you? Something serious I am sure, as I haven't heard from any of you.

Ruthie West of Mt. Pleasant, who told you my age?

Herman Moore of Algood, R. 2, received the birthday card and thank you very much, also Hobart Allen of Oilfields, California, received your present. I certainly appreciate all the cards I received and will return the favor in some way.

MYRA MOORE.

## IGNORANCE

By Lewis N. Stewart

I sincerely believe that ignorance causes more trouble and retards the progress of mankind more than anything else.

We believe that good health and physical perfectness are the greatest blessings we have. If we are in perfect physical condition we can enjoy a walk and any other exercise, we can do our work better and with more speed. But there are many thousands of people who fail to get out of life, all that is coming to them, because of some illness or physical defect. About 90 per cent of these cases are the result of ignorance.

Every time I go out on the streets I see some lady or gentleman stoop-shouldered, hollow-cheeked, and wearing an awful care-worn expression. If you could visit this person's bedroom and make an examination you would more than likely find that the windows could not be opened. They do not know why God made all the abundance of fresh air. This is ignorance. You would also find that this person sleeps with a large pillow under his head, thus causing the spinal column to grow crooked at the line of the shoulders.

The writer once worked in a shop

where one of his fellow workmen was taking five different kinds of medicine to cure some pimples on his forehead and face. These small pimples were the result of grease, oil, etc., getting into the pores of the skin and closing them up, thus preventing the excretions from escaping through the skin. This young man did not know that if he bathed the parts of his skin which came in contact with the "shop black" sufficiently to keep the pores open that the trouble would cease. What about the doctor who prescribed the five different medicines for this young man? More ignorance.

Reader, did you know that you and I are directly responsible for the condition of our health? If you did not, that is more ignorance.

I know of a number of churches that have fine colored glass windows but they are fixed so that they will not open. The building is closed up about nine-tenths of the time. Crowds of people force themselves to sit in this impure air and listen to a sermon. God's temple is holy. The human body is also one of God's holy things. This is a nice way for Christian people to treat God's holy things. More ignorance.

These are only a few thoughts. There are many other things that could be discussed under the subject of ignorance.

## WEATHER AND CROPS

Week Ending August 12, 1919

Except in some favored localities, mostly in the eastern district, the rainfall was very light. Rain is much needed almost everywhere. Corn, on the whole, made only fair progress; but the late corn suffered less from drouth than the old. Cotton has not yet suffered much from the drouth, but is now needing rain. It made fairly good progress during the week and its general condition is fair to good. Tobacco did well in most fields and its condition averages good. Late planted Irish potatoes, sweet potatoes, peas, beans, and all garden truck made only slow growth, except in favored spots. Some early sweet potatoes are being dug.

ROSCOE NUNN, Meteorologist.

## Why Leave It To Chance?

You know the way things left to chance usually work out, and you know and appreciate the risk of leaving the question of saving for future use to chance. You want to get ahead. Why not start today? There is nothing to gain by waiting. The practical features of our bank account plan appeal to the earnest man. Come in and let us explain the plan. Small accounts received and given best attention.
